Professional Summary

Recent Computer Science graduate with a strong foundation in backend development, specializing in building RESTful APIs using technologies such as Node.js, Express, MongoDB, and Mongoose. Proficient in implementing real-time features. Experience working on full-stack projects. Strong problem-solving skills and the ability to adapt to new tools and technologies quickly. Currently working on freelance projects and seeking opportunities to contribute to innovative software solutions.

Education

Suez Canal University

Bachelor of Computer Science, Grade: Very Good
Graduation Project Grade: Excellent

Sep. 2020 – Jun 2024

Ismailia

Relevant Coursework

- Data Structures
- Software Engineering
- Algorithms Analysis
- Database Management
- Artificial Intelligence
- OOP
- System Analysis
- Computer Architecture
- Design Patterns
- Solid Principles

Experience

Egyptian Collegiate Programming Contest

2021 - 2023

Competitive Programming

- Participated in ECPC 3 times (2021, 2022, 2023) .

ICPC Assiut newcomers training

2022

Problem Solving

- Completed newcomers training 2022 and solved +200 problems.

Elmasria for science and technology

2022

Desktop Development

- Learned the basics of developing desktop applications using C# .

Projects

Doctorz | NodeJS, ExpressJS, MongoDB, Mongoose, Pug

Jan-Jun 2024

- Developed a RESTfull API to streamline the process of booking appointments with doctors.
- Deployed the service on render.com, so anyone can consume the API
- Used Paymob as a payment gateway integration for handling transactions.
- Tested and documented the API endpoints using Postman

Personal Blog | NodeJS, ExpressJS, MongoDB, Mongoose, EJS

DEC 2023

- Implemented a RESTful API for a blog application.
- Used EJS as a template engine for generating HTML responses.

Natours | NodeJS, ExpressJS, MongoDB, Mongoose, Pug

FEB 2024

- Used JWT (JSON Web Tokens) for secure authentication.
- Used Stripe as a payment gateway integration for handling transactions.
- Implemented MVC Architecture pattern to separate concerns and improve code maintainability.

Skills

Languages C, C++, C#, Python, HTML, ES6, SQL

Tools VS Code, Postman, Git, Github, NPM, Render, Railway, Cloudinary

Technologies/Frameworks NodeJS, ExpressJS, MongoDB, Mongoose, MS SQL Server, JWT, REST APIs, Jasmine Testing

Soft Skills Communication, Collaboration, Adaptability, Leadership, Time management, Flexibility, Decision-Making

Miscellaneous Git, Microsoft Office, Google (Sheet/Documents/Presentation)

Languages

Arabic — Native

English — Intermediate
